

OUR MISSION

To advance the science and practice of safe patient handling and mobility by empowering caregivers and their patients to maximize their well-being and quality of life.

OUR CORE VALUES

A reflection of who we are and why we are here.

Advocacy

Advancing ASPHP's mission with integrity and collaboration across the continuum of care.

Diversity

Promoting the fair and respectful treatment of all individuals so that they may have equitable access to opportunities and resources.

Growth

Fulfilling our commitment to all stakeholders, by providing opportunities to learn and improve through ongoing education and professional development predicated on evidence-based research.

Innovation

Supporting and promoting cutting-edge technological innovations and evidence-based research that seek to advance the science and practice of safe patient handling and mobility.

Safety

Improving the health and safety of caregivers and their patients through interdisciplinary efforts to maximize overall quality of life.
